Report of Extension Activity

Blood Donation Camp

Academic Year 2021-2022

The Department of Physics, M.S.G. Arts, Science and Commerce College, Malegaon Camp organized a Blood donation camp under the extension activity on June 6, 2022 at 9:30 AM.

Under the Extension activity, A Blood donation camp was organized by the Department of Physics, M.S.G. College, and Malegaon Camp in collaboration with Malegaon Blood Bank, Malegaon. 30 blood bags were donated by students and the staff member of Department of Physics. It is a gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing at the camp our students brought awareness about the shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save the lives of innumerable persons. Donation of blood is very critical and crucial for saving the lives of many patients and those who have met with accidents. It is such great service or contribution to the society and people living in it.

1.	Name of the Activity/Event	Blood Donation Camp
2.	Date of Activity/Event	06/06/2022
3.	Organized by/Name of the department	Physics
4.	Name of the Association	Malegaon Blood Bank, Malegaon
5.	Place of Activity/event	Campus of M.S.G. College Malegaon
6.	Type of activity/Event	Blood Donation
7.	Activity/Event objectives	1. To collect blood units but also to make students aware about blood and its benefits. 2. It was an effort to motivate students to come forward and donate for this noble cause.

		3. First time donors need to be encouraged so that once the initial hesitation/ fear goes away, the donor will look forward to such camps in near future too. 4.To help anyone, in case of any requirement for blood.
8.	Participation	29 Students
9.	Enclosures	1.Report 2.Photos 3.Press Clipping
