Report

**International Webinar on Unwrapping Brighter Future Opportunities in
Physical Science**

The Department of Physics, M.S.G. Arts, Science and Commerce College, Malegaon Camp organized an international webinar on the topic "Unwrapping Brighter Future Opportunities in Physical Science" on March 2, 2022 at 11:30 AM.

Miss. Amruta Pawar, Assistant Professor, Institute for Advance Studies Pune, was invited as a Resource Person.

About the Webinar: For this Webinar, the brochure, Google meet link and password were created and circulated among all faculty students. It began top notch at 11.30 AM which included a welcome felicitation by **Dr.N.B.Bachhav**, Academic Co-ordinator by mentioning the aim of the webinar that offers opportunities available on research based higher studies. He also pointed out the benefits of attending webinars in student's life and also insisted to follow the safety procedures during pandemic situation due to COVID-19. After the welcome felicitation, **Mr.C.R.Yewale**, Assistant Professor/Physics was called for the introduction of Resource person.

Miss. Amruta Pawar started the session with a simple definition of research by saying Research is a journey with no destination to reach but expected to identify a destination. She touched upon research institutions established by the Government of India and supported by national agencies such as CSIR, ICAR, ICMR, DST and DBT etc. The participants found it useful since it emphasized more on the importance of higher studies (UG/PG program). She also added a brief note on competitive examinations like JEST, TIFR, GATE etc. are crucial because of the sheer number of students applying for limited seats. She also explained how competitive exams develops thinking, logic and makes quick decision making and it also introduce to develop our own skills. Each and Every Point were covered in this webinar.

Nearly 70 UG/PG students and 10 staffs had participated in this webinar. The feedback link was posted during the last session of webinar and collected from all the participants.

VOTE OF THANKS: Finally the vote of thanks was delivered by **Dr.A.S.Garde**, Associate Professor and HOD/Physics. From the WEBINAR, the participants came to know about their career path after competitive examinations and on research based future studies by approaching research institutes to derive funds from government agencies.
