“Lecture series”
Report (A.Y.2018-19)

The Department of Electronic Science, M.S.G. College, Malegaon camp had organized a lecture series in the subject of Electronic Science for the B.Sc. students during the academic 2018-2019. The main purpose of the lecture series was to explore the students to the vast growing field of Electronics, recent trends in various technologies in electronics communication and Information technology. It is also aimed that this lecture series help the students to acquire up-to-date knowledge regarding modern trends in electronics.

1. Our ex-student **Mr. Krishna Kasar** (Scientific officer, Forensic Lab, Govt. of India, Mumbai) delivered a lecture on “Cyber crime and its consequences” on 25 Aug.2018 for T.Y.B.Sc students. He also discussed opportunities of jobs for Electronics students.
2. The second lecture was delivered by **Mr. Anil Sonawane** (Ex-student and now Director, Prism Lab Equipment Pvt. Ltd, Nashik) on 29 Aug. 2018. He guided the students about Industrial needs and requirements of skilled workers.
3. Third lecture was delivered by Prof. **Mr. Ansari** MAANTC Engineering College on PLC and automation for T.Y. B. Sc students on 6 Jan 2019.
4. The fourth lecture was delivered by **Mr. Bhavesh Ahire**, Director of Loxionn Institute, Malegaon on 6 Jan 2019 on topic “Basics of PLC and SCADA”

In our opinion the activities taken under this lecture series would be highly useful for students in research and engineering aspect in electronics. Department would like to thanks to our Hon. Principal for giving permission to organize the lecture series. Department would like to thanks to **Mr. Krishna Kasar, Mr. Anil Sonawane, Mr. Ansari**, and Mr. Bhavesh Ahire for delivering a valuable lecture on different topics useful for students.
